Training

Certero for SaaS: Google Workspace

Learn how to connect Certero for SaaS to Google Workspace, import data and review usage and optimization information relevant to your organization and subscriptions. Create a specific Google Workspace Dashboard giving you an immediate view of optimization opportunities and cost savings.

Attendee Prerequisites

- Completion of the Certero Essentials training course
- Attendees should have experience of:
  - Licensing via G-Suite subscriptions
  - Google Workspace Administration techniques

Agenda

- Setting up the Google Workspace connector
- Usage Optimization considerations

Who Should Attend

This course is for those individuals in your organization that are responsible for assigning Google Workspace licenses to your employees, in a cost efficient and optimal way.

- Google Workspace Administrators
- SAM Administrators
- SAM Consultants

Benefits of Attending

- Gain a deeper understanding of how the solution obtains configuration and usage data across your Google Workspace accounts
- Learn about the wealth and breadth of inventory and usage data
- Understand how easily and quickly you can gain a holistic view of subscription usage across your entire business
- Learn how to identify optimization opportunities that can be shown as cost savings
- Increase productivity by quickly accessing the information important to your role
- Learn about the specific features available to help you manage your entitlement and maintain a position of optimized usage
- Understand the high levels of automation available within the solution including alerting and reporting – continuous optimization
